

# THE LINCOLNSHIRE FREEMASONS **MASONS & MOTORS**

The Masons & Motors gathering of interesting, classic, and unusual vehicles will go ahead as planned **on Sunday July 25th at Doddington Hall near Lincoln.**

Because we didn't know until very recently what Covid restrictions might be in place, the event has been made as informal as possible – there's no need to book in and there's no entry fee, though we will have a bucket collection in aid of the #Lincs2025 Festival. All you have to do is turn up and join in. You don't even need a vehicle to exhibit; just bring yourself and your family and friends, and say hello **between noon and 5pm.**

To exhibit, come into the Doddington Hall grounds via the Giant bike shop entrance (*extreme care, pedestrians!*) and look for the big blue and white flag that'll tell you where we are. If you're not an exhibitor, please use the normal (free) public car parks.

Doddington Hall offers a number of dining options, but you're also able to bring a picnic to enjoy outdoors.

Remember, we've been cooped up inside for so long, Masons & Motors offers the first much-needed restriction-free opportunity to get together again – and since it's outside in the fresh air we can do so in a socially-distanced mask-wearing manner (if that's what you need to feel safe).

*We look forward to seeing you there!*

**How to find the venue**  
**Doddington Hall is at**  
**Main St, Doddington,**  
**Lincoln LN6 4RU**
